

Seminar: General Information

- The seminar is a block course.
- There are no pre-requisites.
- The paper and the presentation have to be in English.
- The paper
 - has be done with L^AT_EX. You can find an introduction to LateX here:
 - * Short introduction in English (part one of three)
<https://www.overleaf.com/latex/learn/free-online-introduction-to-latex-part-1#.WYniOCdpzRY>
 - * Short introduction in German:
<http://archiv.dante.de/TeX-Service/TSP/tex/cookbook/cookbook.html>
 - * An extended version in English:
<http://tug.ctan.org/info/lshort/english/lshort.pdf>
 - is organized as follows:
 - * Abstract
 - * Introduction
 - * Literature review
 - * Main body
 - * Computations (obligatory for the Master-Seminar)
 - * Conclusions
 - * References
 - * (Appendix).
 - uses the template
<http://sop.ior.kit.edu/downloads/Seminar-template.tex>
 - has approximately 20 pages.
- You can find a paper guide for scientific writing here
<https://www-fourier.ujf-grenoble.fr/~dpiou/howto/write.pdf>
- You hand off your “Seminarschein” with the final version of the paper. You find the form here
https://www.wiwi.kit.edu/downloads/Seminarschein_B-MSc_6-16.pdf

- You will have the possibility to meet with your adviser during the semester. You can best reach us via e-mail (check the “specific information” sheet of your specific seminar).
- The presentation takes 45 minutes; there will be 10 additional minutes for questions after the talk.
- You are required to attend the other presentations.
- Please note the timeline.
- The final grade is composed of 50% paper and 50% presentation.

FAQ

- **Is it enough to work with the given literature?**

No, a thorough literature review is part of the paper, see the organisation of the paper.
